Appendix A – Gaviota Recreational Use Survey and Economic Impact Information

Overview: To gain additional understanding of the recreational value of the Gaviota Coast, Trails Council conducted informal surveys of recreational use from March through August 2013. Surveys obtained quantitative data on the history of public use of the Gaviota Coast and the types of recreation enjoyed there.

A.1 Objectives
The Santa Barbara County Trails Council (Trails Council) is developing an analysis of public recreational use of the Gaviota Coast. This analysis was undertaken to help provide quantitative information about who uses the coast, what they do while they’re there, and what are the economic contributions of different types of uses. Coastal managers, especially those contemplating the restriction of access or activities, need to know who might benefit from such restrictions, who might be harmed, and what the economic consequences of such restrictions might be. Similarly, this information can be used to help assess the effect of coastal management policy actions on public recreational use, quantitative information about human uses of the coast before/after and with/without the policy action.

A.2 Economic Contribution of Trails and Coastal Recreation

Trails and nature based recreation are important contributors to the National, State and County economy. The outdoor recreation economy produces $646 billion in consumer spending nationally each year, through purchase of gear, recreational vehicles, trips and travel. Trail sports alone contribute over $38 billion in annual income to businesses nationally, including local small businesses (Outdoor Industry Foundation 2012). In 2005, trail related activities were estimated to generate 716,000 jobs nationwide and $11.2 billion in tax revenue (Washington Trails Association and University of Washington, 2007).

In California, outdoor recreation contributes $85.4 billion annually to California’s economy, which results in $6.7 billion in annual state and local tax revenue. This spending supports hotel and lodging employment, restaurants, small businesses, outdoor apparel and gear producers and retailers. As a result, the outdoor industry supports 732,000 jobs across the state, generating approximately $27 billion in wages and salaries (Outdoor Industry Foundation 2012). Trail use and cycling are the most popular outdoor recreation activities enjoyed by Californians. Coastal California received approximately 352.3 million domestic visitors, with 84.9 percent being Californians (CDFW 2009). Expenditures for beach recreation in California were estimated to generate more than $13 Billion in 2001.

“Preserving access to outdoor recreation protects the economy, the businesses, the communities and the people who depend on the ability to play outside.”

-Outdoor Industry Association 2012
Beaches and outdoor recreational opportunities have been cited as two core activities of the visitor experience to Santa Barbara County’s South Coast; special niche activities such as hiking and biking are also important (Santa Barbara Conference & Visitors Bureau and Film Commission, 2012). In 2008, over 50% (4 million) South Coast visitors noted beach going and/or sightseeing and touring as key activities, with a further 459,000 visitors engaging in outdoor recreation and water sports (Santa Barbara Conference & Visitors Bureau and Film Commission, 2008). Tourism and recreation contribute $180 million per year in wages to the County’s economy (National Ocean Economics Program 2008).

Along the Gaviota Coast, State Parks receive annual direct revenues of over $2.6 million from 560,000 annual visitors; in addition to direct revenue, the economic value of such visitation includes a multiplier effect on the economy such as purchase of gasoline, overnight lodging, supplies such as groceries and recreation purchases. Although precise data for Gaviota Parks are not available, based on surveys for Carpinteria State Beach, per capita visitor expenditures at Gaviota State Parks could average $59 per trip, bringing the total economic benefit of Gaviota State Park visitation to over $33 million, with the majority of that spent in Santa Barbara County (California State Parks, BBC Research and Consulting, 2011). Although no surveys or data are available for the estimated tens of thousands of beachgoers using the Gaviota Coast’s 22 informal access points, this activity is expected at addition millions in expenditures to the local economy. In addition, private resorts such as El Capitan Canyon campground draw tens of thousands of annual visitors to the County and contribute well over one million dollars per year in transient occupancy and sales tax revenue to the County.

Estimating the economic benefit of completing the Gaviota Coastal Trail and development of improved coastal access is complex. Although, many examples also affirm the positive connection between trails, open space, local expenditures and increased property values, benefits vary by community and trail type (American Trails 2007; Rails to Trails Conservancy 2003). For example, visitors to Ohio’s Little Miami Scenic Trail spent an average of $13.54 per visit for food, beverages and transportation, with an addition $277 on per person clothing, equipment and supplies for such visits, while the still incomplete Greater Allegheny Passage Trail generated direct economic benefits of $14 million (Rails to Trails Conservancy 2003). Further, surveys of home of buyers show that trails ranked as the second most important community amenity, outranked 16 other options including ball

---

1 The 2.5 million in direct State Park revenues may be inclusive in larger $33 million in estimated economic benefit.

These numbers are best available estimates and should be considered as order of magnitude.

2 The average value of a single beach day visit has been estimated at $9 to $23 for each visit.

3 El Capitan Canyon has 108 cedar cabins, 26 tent cabins with rates ranging from $150 to more than $800 per night; assuming average rates of $250/night, average occupancy of 70% and a 10% transient occupancy tax (TOT) total County TOT revenue would be $1.3 million annually. The companion Ocean Mesa Campground has 80 RV sites and 20 tent sites; RV spaces average $80/night and tent sites $50/night. Using the same assumption, this Campground would yield annual County TOT revenue of approximately $190,000 annually. Sales tax benefits and expenditures outside of the facility would be additive.
fields, golf courses, parks, and access to shopping or business centers (National Association of Home Builders 2002).

Completion of a world class Gaviota Coastal Trail and improved coastal access would add an additional unique attraction to the South Coast’s core visitor attractions of beaches and outdoor recreation, benefiting both County residents and visitors. Completion of the Trail and improved access would contribute incrementally to the County’s attraction for visitors as well as the millions of dollars in direct spending from such visitors.

2.3 Recreational Use Methodology

In order to obtain additional understanding of public recreational use on the Gaviota Coast, Trails Council performed extensive internet and phone based research to identify prior surveys, counts, and other quantitative data on the amount and types of recreational uses presently and historically occurring within the Gaviota Coast. Trails Council identified three studies or counts including: (1) the California Coast Online Survey: Southern California Module⁴; (2) California State Parks Department vehicle entry counts.

In an effort to gain further insight into the types of use and value of the Gaviota Coast to public users, Trails Council conducted an informal survey of members of the public from March 2013 through August 2013 in order to obtain a snapshot of recreation occurring on the Gaviota Coast. The Trails Council completed two primary types of surveys: (1) observational surveys by Trails Council members; and (2) a public recreational use questionnaire. Data from these observations are provided in Observational Information below.

Additionally, a questionnaire was utilized to obtain recreational use information (Exhibit A). These questionnaires were circulated via the internet from a link on the Trails Council website (www.sbtrails.com). Additionally, Trails Council members asked the public to complete the questionnaires at public events, farmers markets, and on two occasions, at Tajiguas Beach. During the survey, visitors were approached in a friendly manner and given a brief introduction to the project and purpose for the questionnaire. They were then invited to take part in the survey and complete the questions provided on the form as well as provide comments and opinions on the value of the Gaviota Coast. Completed questionnaire forms are available upon request from the Trails Council.

A.3 Background Recreational Use Data

The California Coast Online Survey - Southern California Module: To collect spatially-arrayed, quantitative data on coastal visitors, for very large stretches of coast, this study developed a tool that utilized the internet and Google Maps technology to randomly sample California residents about their visits to the California coast. This study focused only on private, shore-based visits with the goal to develop and test a tool to collect basic

---

geo-referenced data that can be used to develop a quantitative baseline of shore-based visitation to coastal sites and regions, including annual coastal “trips,” the activities people undertake when they visit the coast, and demographic information about visitors. The results of this study provided estimates determined to be too conservative to reflect actual usage, given a comparison of known usage numbers at adjacent beaches and those estimated in the survey. Additionally, the types of recreation were not identified in these counts/ surveys. Survey findings for the four areas included within this study on the Gaviota Coast are provided in Table A1.

**California State Park System Statistical Report:** The State Park system releases an annual statistical report to provide information on the basic parameters of the State Park for the 2011/12 fiscal year, which spanned the period of July 1, 2011 through June 30, 2012. The State Park System data reflects the measurement of activity that took place between these two points in time, during the course of the entire fiscal year. Collectively, this information “provides a measure of the State Park System - what its various resources are, what it does with them, and what are the useful results of its activities.”

The State Park’s unit-level attendance figures are based on estimates rather than actual counts. The attendance estimates are believed to be substantially underestimated.

A.4 Gaviota Recreational Use Observations

Trails Council surveyors recorded recreational uses during six surveys occurring between March and August 2013. Observations were obtained from the Trails Council vehicle for
most minor access points, with Trails Council staff walking most major access points to count the types and quantity of recreational uses occurring.

Observations showed that the predominant use of the Gaviota Coast was general beach going and relaxation. General beach going was cited as the second most popular activity with 51% of respondents identifying it as a type of use. Surfing was identified by 32% as an activity follow by running (25%), other (22%), dog walking (12%), and historic fishing (6%). Types of activities that were identified under “other” include yoga, wind surfing, boogie boarding, sea glass hunting, paddle boarding, tide pooling and wildlife viewing.

Council surveyors recorded recreational uses during six surveys between March and August 2013, with four surveys conducted in spring and two in summer. Over six partial days of windshield based counts, Trails Council surveyors identified over 300 vehicles parked at 22 informal locations. \(^5\) During these surveys, an estimated 900 beach goers were counted engaged in sunbathing, beach walking, swimming, surfing, scuba diving, snorkeling, kayaking, boating, fishing, hiking, dog-walking, biking, informal camping, and photography. Levels of use varied substantially, however, Canada San Onofre and Tajiguas access points consistently received the highest levels of use (Appendix A).

A recreational use questionnaire was also utilized to obtain information on public recreational use of the Gaviota Coast, including personal history of use and the types of recreation enjoyed. Trails Council volunteers asked the public to fill out questionnaires at Tajiguas Beach and public events (e.g., farmers markets), as well as online. \(^6\) Over 150 recreational use surveys were completed. Data show that Gaviota Coast visitors are from throughout the County, with over 50% from the South Coast, more than 25% from the North County and 20% from outside the County. \(^7\) Over 55% of the public surveyed indicated they had been visiting the Gaviota Coast for over 20 years, with many indicating multi-generational use (Appendix A). On average, the public members surveyed visit the Gaviota Coast over 40 times per year, with summer and fall indicated as the most popular times to visit; however, many indicated visiting throughout the year. Beach going, walking/hiking, and dog walking were the most frequent forms of recreation engaged in, however, fishing and surfing were also popular uses.

\(^5\) Trails Council surveys included an average of two drive-by windshield surveys of 22 known informal parking and access points along 20 miles of coast over a five hour period on each survey day, for a total of 15 drive-by surveys. Surveys were generally conducted during peak use periods (e.g., 10 am to 2pm). As a result, surveys may overlook early morning surf and fishing/diving users or users visiting for late afternoons or sunsets. Further, the majority of surveys were conducted in spring and not peak summer-fall use periods. Trails Council staff also walked most major access points to count the types and quantity of recreational uses occurring.

\(^6\) These questionnaires were circulated via the internet from a link on the Trails Council website (www.sbrtrails.com).

\(^7\) North County residents and tourist use are likely underrepresented as 54 of 150 surveys were collected at Tajiguas Beach, while over 100 were collected at South coast events such as farmers markets or online. Insufficient staff and funding were available to further canvas North County events and surveys were not collected at the Arroyo Hondo Scenic Overlook, heavily used by passersby and tourists.
A.4 Gaviota Recreational Use Questionnaire Survey Respondents Comments

Comments received by Trails Council team members as notes on the survey or verbally during conversation and later noted include the following:

• “It is one of the last untouched strip of coast in Southern CA, an extremely valuable natural resource” – Gaviota Coast Visitor for 5 years, from the South Coast

• “It’s a stunning landscape with easy access. The people here have respect for the beach, a pleasant group.” - Gaviota Coast Visitor for 20 years, from the North County

• “It’s fun, kids love it. Fish on!!” - Gaviota Coast Visitor for 30 years, from Lompoc

• “I’ve grown up here, been going since I was a child with my parents, then later with my own children. Even my grandfather used to come here!” – Gaviota Coast visitor for 40+ years, from North County.

• “It is important that beautiful areas like this are continued as public access with plentiful and user friendly access and proper parking. It is important that private developers and individuals not take away the rights of citizens to enjoy this area.” – Gaviota Coast visitor for 30 years from South Coast.

• “It’s a wonderful treasure. I just wish that I could explore more of it.” – Gaviota Coast visitor for 11 years from South Coast

• “It is a beautiful, open, unspoiled and uncrowded ocean and coastal field environment. Running and walking with my dogs and horseback riding when available are my great pleasures in life.” – Gaviota Coast visitor for 50+ years from South Coast

• “It provides us with a large portion of our exercise; relief from the heat of our foothill home in the hot season; beauty, tension release, social interaction with friends; picnics with friends; contemplation; the stimulation of the constant color and other changes in the sea and beaches.” – Gaviota Coast visitor for 55 years from South Coast
• “Free public access is important.” – Gaviota Coast visitor for 46 years from Lompoc

• “One of the main reasons I live in this area is because of the abundance of natural resources for outdoor activity.” – Gaviota Coast visitor for 20 years from South Coast.

• “It offers great outdoor recreation of all kinds and is one the last remaining stretches of pristine and relatively undeveloped coastline in California.” – Gaviota Coast visitor for 18 years from South County.

• “My kinds and I and dogs love to feel free and safe from everyday stress and don’t always have a lot of money to spend. And my dogs can enjoy God’s creation.” – Gaviota Coast visitor for 30 years from Lompoc

• “Have been surfing and enjoying for over 40 years.” – Gaviota Coast visitor for 40 years from Orcutt.

• “It is THE location that I dive. Its proximity to home and beauty are what makes this area such a wonderful place to live.” – Gaviota Coast visitor for 30 years from North County.

• “As western Goleta residents, my wife and I refer to this area as our ‘backyard’. We both love this area and would like to preserve it and are excited at the thought of having a 20 mile trail. We often walk and/or jog the Aniso Trail and can imagine how wonderful a connection between El Capitan and Western Goleta would be. Preserving coastal access and minimizing development are very important to maintain the quality of life for residents as well as visitors.” – Gaviota Coast visitor for 35 years from Goleta.

• “Quiet, clean, relaxing beach allow time to unwind with family.” – Gaviota Coast visitor for 35 years from North County.

• “It is such a pristine and beautiful coastline. I have loved it since I was old enough to walk on its beaches.” – Gaviota Coast visitor for 48 years from South Coast.

• “It is one of the last ‘escapes’ in our area. It is a beautiful part of the state and one that had a big impact on my youth. I am now passing it along to my two sons.” – Gaviota Coast visitor for 25 years from Los Olivos.

• “Where else can I go that is not developed? I am able to remove myself from the fast pace of daily Southern California life and collect my thoughts.” – Gaviota Coast visitor for 15 years from Carpinteria.

• “Preserving this coast and enhancing trails encourages health and well being to all ages. It also is a great reminder of what an important role wildlife and nature plays in our lives and our environment. It’s a win-win!” Gaviota Coast visitor for 20 years from South Coast.

• “This is an important recreational and natural resource both locally and beyond.” – Gaviota Coast visitor for 25 years from South Coast.
• “We live where every outdoor activity cost money to use the places and nobody takes care of it.” – Gaviota Coast visitor for 27 years from North County.

• “Enjoy the native plants, animals, and geological formations of the Coast.” – Gaviota Coast visitor for 25 years from South Coast.

• “Beautiful atmosphere to relax and get away.” – Gaviota Coast visitor for 8 years from Culver City.

• “Little slice of heaven.” – Gaviota Coast visitor for 15 years from Santa Ynez.

• “Accessible, wild coastline is so precious. Love to hike. Fascinating early Californian history." – Gaviota Coast visitor for 51 years from South Coast.

• “Entertainment, stuff to do out of Lompoc.” – Gaviota Coast visitor for 21 years from Lompoc.

• “It is the main attraction of living in SB.” – Gaviota Coast visitor for 24 years from South Coast.

• “Great undeveloped scenery close to home. Free public access.” – Gaviota Coast visitor for 10 years from South Coast.

• “We love coming to Tajiguas with our family and dogs. We are glad to have it available.” – Gaviota Coast visitor for 30 years from North County.

• “It’s a major part of our community and one the reasons why I live here on the Central Coast.” – Gaviota Coast visitor for 42 years from North County.

• “The Gaviota Coast is an unspoiled, pristine environment that needs to be preserved for all generations.” – Gaviota Coast visitor for 50 years from South Coast.

• “I grew up here. My life is these beaches and now I bring my children here and want this to remain in their lives forever as well.” – Gaviota Coast visitor for 28 years from Santa Ynez.

• “For my children to appreciate and learn to respect and utilize the coastal areas.” – Gaviota Coast visitor for 30 years from North County.

• “This is an area we can enjoy, relax and bring family and friends as well. The plus is we can bring our dogs with no negative energy. They love it” – Gaviota Coast visitor for 4 years from South Coast.

• “It’s why we live here. We enjoy all the coastline has to offer and utilize it everyday. We don’t want to live anywhere else.” – Gaviota Coast visitor for 30 years from Isla Vista.

• “I have always recognized it as a unique and exquisitely beautiful asset to our community. I continue to visit it for the solitude, beauty and inspiration it provides.” – Gaviota Coast visitor for 40 years from South Coast.
Gaviota Coast Usage Survey

The Santa Barbara Trails Council (SBTC) is in preparation of a California Coastal Trail and Coastal Access Study along a 20 mile segment of the Gaviota Coast. The Gaviota Coast has long provided important public recreation opportunities and access to unspoiled beaches, noted surf spots, and scenic mesas; however, information on quantity and types of uses at particular access points is limited. The SBTC is conducting this informal survey to better understand current recreational use of the Gaviota Coast.

Gaviota Coast Usage Survey

The Santa Barbara Trails Council (SBTC) is in preparation of a California Coastal Trail and Coastal Access Study along a 20 mile segment of the Gaviota Coast. The Gaviota Coast has long provided important public recreation opportunities and access to unspoiled beaches, noted surf spots, and scenic mesas; however, information on quantity and types of uses at particular access points is limited. The SBTC is conducting this informal survey to better understand current recreational use of the Gaviota Coast.

Gaviota Coast Usage Survey

The Santa Barbara Trails Council (SBTC) is in preparation of a California Coastal Trail and Coastal Access Study along a 20 mile segment of the Gaviota Coast. The Gaviota Coast has long provided important public recreation opportunities and access to unspoiled beaches, noted surf spots, and scenic mesas; however, information on quantity and types of uses at particular access points is limited. The SBTC is conducting this informal survey to better understand current recreational use of the Gaviota Coast.

Age: (a) Under 20 ______ (b) 21-30 ______ (c) 31-40 ______ (d) 41-50 ______ (e) 51-60 ______ (f) Over 60 ______

Q8 Is visiting the Gaviota Coast an important recreational activity for you? Yes or no? Please specify why in the comment box below.

Answered: 98 Skipped: 0

<table>
<thead>
<tr>
<th>#</th>
<th>Responses</th>
<th>Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Yes. It's beautiful, tranquil. There are so few places to be able to ride my horse.</td>
<td>8/10/2013 7:55 AM</td>
</tr>
<tr>
<td>2</td>
<td>Yes. see#7</td>
<td>8/8/2013 8:58 PM</td>
</tr>
<tr>
<td>3</td>
<td>YES. As a member of a family that has owned property on the Gaviota coast since the 1860s I believe recreation in this area should be limited to areas the County is able to monitor. Private property rights need to be respected. Gaviota is the way it is because the people whom have called this place home. The interests of out of towers and visitors who visit for a few hours here and there should not come before the interest property owners. The property owners have the most at stake as this land is an important part of who they are and for so many it is part of their livelihood.</td>
<td>8/8/2013 12:23 PM</td>
</tr>
<tr>
<td>4</td>
<td>Yes. But there is already a trail, between Refugio and El Cap. A trail from Hazards to Naples would be nice though.</td>
<td>8/6/2013 5:43 PM</td>
</tr>
<tr>
<td>5</td>
<td>Absolutely. It's an incredible stretch of coastline and adjacent mountains with amazing beauty, history and habitats. It's a treasure of national significance and more opportunities for the public to access and/or enjoy this stretch of coast and nearby NF lands would be appropriate and appreciated.</td>
<td>8/6/2013 4:29 PM</td>
</tr>
<tr>
<td>6</td>
<td>Yes. It's relatively unspoiled and undeveloped. It's one of the few stretches of coastline in southern California that offers that kind of atmosphere. The only drawback is limitations on access.</td>
<td>8/3/2013 7:48 AM</td>
</tr>
<tr>
<td>7</td>
<td>Yes. It's an undeveloped landscape where I can get away from civilization.</td>
<td>8/2/2013 8:12 PM</td>
</tr>
<tr>
<td>8</td>
<td>Yes</td>
<td>8/2/2013 7:48 AM</td>
</tr>
<tr>
<td>9</td>
<td>YES! It's the only solitude and peaceful stretch of beach on the South Coast. Lets keep it that way.</td>
<td>7/31/2013 1:30 PM</td>
</tr>
<tr>
<td>10</td>
<td>Yes. It is important to get school-aged children out on the trails so they develop a positive connection with nature and become stewards of our natural world.</td>
<td>7/31/2013 11:48 AM</td>
</tr>
<tr>
<td>11</td>
<td>Yes</td>
<td>7/29/2013 5:57 PM</td>
</tr>
<tr>
<td>12</td>
<td>In the summer, hiking in Los Padres Nat. Forest is too hot.</td>
<td>7/29/2013 12:03 PM</td>
</tr>
<tr>
<td>13</td>
<td>My lively hood</td>
<td>7/29/2013 12:00 PM</td>
</tr>
<tr>
<td>14</td>
<td>very important. this is a large portion of why we moved to Santa Barbara. We walk the beaches 2-4 times a week, rain or shine. I ride my horse on the mesas and the back trails. We hike the mtn front trails. the beauty and the vistas, large and small are great additions to our office jobs. we are geologists and the geology and the rocks are spectacular and continuously challenge our concepts, models and paradigms, even though we do not work this area.</td>
<td>7/29/2013 11:19 AM</td>
</tr>
<tr>
<td>15</td>
<td>Yes, Visiting the coast allows me access to a beach that is otherwise unavailable. The entire stretch of land from goleta to lompoc is effectively fenced in apart from 2 or 3 public access spots. in effect the beaches have been stolen as access is denied</td>
<td>7/29/2013 9:29 AM</td>
</tr>
<tr>
<td>16</td>
<td>Natural beauty</td>
<td>7/29/2013 8:23 AM</td>
</tr>
<tr>
<td>17</td>
<td>Absolutely! I have always recognized it as a unique and exquisitely beautiful asset to our community. I continue to visit it for the solitude, beauty and inspiration it provides me.</td>
<td>7/28/2013 12:37 PM</td>
</tr>
<tr>
<td>18</td>
<td>Yes. But we are concerned about Panga Boat activity. Governmental Agencies only seem to react after the fact. Why isn't anyone making a serious effort to stop this illegal activity prior to reaching the Gaviota Coast? I've heard nothing from our elected officials in this regard.</td>
<td>7/28/2013 6:35 AM</td>
</tr>
<tr>
<td>19</td>
<td>Yes! The Gaviota Coast is a treasure that makes SB/Goleta PARADISE!</td>
<td>7/27/2013 9:36 PM</td>
</tr>
<tr>
<td>20</td>
<td>Yes. It's why we live here. We enjoy all that the coastline has to offer and utilize it everyday. We don't want to live anywhere else. :)</td>
<td>7/27/2013 8:05 PM</td>
</tr>
<tr>
<td>21</td>
<td>Yes - It is prime California land and weather that deserves to be protected and enjoyed.</td>
<td>7/27/2013 7:07 PM</td>
</tr>
<tr>
<td>22</td>
<td>Yes. Because of the isolation and beauty</td>
<td>7/27/2013 6:11 PM</td>
</tr>
<tr>
<td>23</td>
<td>Yes, hiking</td>
<td>7/27/2013 5:19 PM</td>

<tr>
<td>29</td>
<td>As Western Goleta residents, my wife and I refer to this area as our &quot;backyard&quot;. We both love this area and would like to preserve it and are excited at the thought of having a 20 mile trail. We often walk and/or jog the Aniso Trail and can imagine how wonderful a connection between EL Capitan and Western Goleta would be! Preserving coastal access and minimizing development are very important to maintain the quality of life for residents as well as visitors. Thank You.</td>

<tr>
<td>49</td>
<td>Yes, it is very important!! The Gaviota Coast is one of the most beautiful places on the planet. If we could have easier access that would be amazing. I know I would use it daily as would my athletes of the UCSB track and cross country team. We use trails every day and would love a longer dirt trail along the coast. Having a trail that is 20 miles long would be phenomenal. We have our athletes running 40-110 miles a week. That trail would be an amazing addition to our team and our community. If you'd like any support from us please feel free to contact me. Amanda Moreno UCSB Assistant Track/Cross Country Coach (209)401-2948 <a href="mailto:amoren0218@gmail.com">amoren0218@gmail.com</a> Thank you! Hope we can make it happen!</td>
<td>7/24/2013 12:11 AM</td>

60. It is THE location that I dive. It's proximity to home and beauty are what makes this area such a wonderful place to live. 7/22/2013 4:20 PM

61. I've always lived near the ocean and it is important to me to have access and enjoy the area. 7/22/2013 9:56 AM

62. Yes, beautiful place to hike and enjoy the best of southern california. Fewer crowds and pristine beaches and landscape. 7/21/2013 5:35 PM

63. Yes! This is a Important recreational and natural resource both locally and beyond. 7/21/2013 4:23 PM

64. Yes!! It's the last of its kind 7/21/2013 1:40 PM

65. Yes because it has such important environmental features that are unique to this area. I am from Santa Barbara and I hope we will not lose more of our precious land to developers. 7/21/2013 1:07 PM

66. YES The coast is a real treasure so close to home 7/21/2013 12:39 PM

67. Yes, because it offers great outdoor recreation of all kinds and is one of the last remaining stretches of pristine and relatively undeveloped coastline in California. 7/21/2013 11:30 AM

68. Yes - the area is peaceful, easily accessible, and unspoiled by urban development. 7/21/2013 7:18 AM

69. Very important! One of the main reasons I live in this area because of the abundance of natural resources for outdoor activity. 7/20/2013 9:01 PM

70. Yes. I appreciate the undeveloped beauty of the Gaviota Coast and hope that it continues to be protected from development in this way. 7/20/2013 8:46 PM

71. yes, enjoy the beauty and serenity 7/20/2013 6:24 PM

72. Yes, of course. It's a major part of our community and one of the reason why I live here on the central coast. 7/20/2013 5:25 PM

73. yes it's a great for hiking 7/20/2013 4:55 PM

74. Quiet environment and scenery 7/20/2013 4:18 PM

75. Yes. Such an incredible area close to home. 7/20/2013 3:35 PM

76. Yes because it's near my house and allow me to be close to the sea. 7/20/2013 1:55 PM

77. Yes! Accessible, wild coastline is so precious. Love to hike. Fascinating early Californian history. 7/20/2013 1:06 PM

78. Yes 7/20/2013 11:53 AM

79. Yes very much, its beautiful and peaceful and I love going there 7/20/2013 11:45 AM

80. Yes. The coastline is beautiful and undeveloped. I love walking on the beach along the Gaviota Coast. 7/20/2013 11:03 AM

81. Yes, where else can I go that is not developed? I am able to remove myself from the fast pace of daily so cal life and collect my thoughts 7/20/2013 10:18 AM

82. yes!! 7/20/2013 12:31 PM

83. Yes, very important to me. 7/20/2013 9:40 AM

84. Yes. Long expanse of undeveloped land 7/20/2013 8:52 AM

85. The beauty, peace and history of the place. I am interested in the ecological welfare of the area. 7/19/2013 6:49 PM

86. Yes, very important to have access to such a beautiful relatively unspoiled environment 7/19/2013 2:05 PM

87. Yes, it is one of the last "escapes" in our area. It is a beautiful part of the state and one that had a big impact on my youth. I am now passing it along to my two sons. 7/18/2013 12:56 PM

88. yes, but more for scenic purposes 7/18/2013 12:56 PM

89. Yes. It's close to S.B. and very accessible. A great escape and lots of recreational activities possible. 7/18/2013 12:03 PM

90. The Gaviota Coast is a close, high quality, shoreline/ocean experience that is peaceful, uncrowded and fun. 7/18/2013 10:43 AM

91. Yes. It provides us with a large portion of our exercise; relief from the heat of our foothill home in the hot season; beauty, tension release, social interaction with friends; picnics with friends; contemplation; the stimulation of the constant color and other changes in the sea and beaches. 7/18/2013 10:17 AM

92. Yes. It is a beautiful, open, unspoiled and uncrowded ocean and coastal field environment. Running and walking with my dogs and horseback riding when available are my great pleasures in life. 7/18/2013 9:50 AM

93. Yes, a wonderful treasure. I just wish that I could explore more of it. 7/18/2013 9:12 AM

94. Yes, because it is still one of the most pristine, unspoiled sections of the Pacific Coast. 7/18/2013 9:01 AM

95. I would be extremely enthusiastic to ride my mule in the area more when there are improved trails and access. 7/18/2013 8:43 AM

96. Yes. It is my life. 7/14/2013 1:20 PM

<tr>
<td>98</td>
<td>Yes. Lack of crowds, scenery and wildlife make the Gaviota Coast a unique and very special place that should be enjoyed by future generations. A spectacular coastline that should remain rural and generally undeveloped. Great surf and photo opportunities. With so much of Southern California already paved over, let's not lose this place too!</td>
<td>7/12/2013 4:51 PM</td>
