

WHY NOW?

- Pending development may close existing trails
- Some developers want the California Coastal Trail routed along the highway
- The Gaviota Coast Plan could help to secure a world-class California Coastal Trail alignment and access system
- Your input is needed now so that future generations can enjoy a near-shore trail and secured coastal access

How Can I Help?

A 5-minute Email Can Make a BIG Difference!

Send To: **Joan Hartmann, Chair, Santa Barbara County Planning Commission** c/o David Villalobos (dvillalo@co.santa-barbara.ca.us)

CC: **Doreen Farr, County Supervisor** (dfarr@countyofsb.org)

Subject: **Protect and Enhance Gaviota Coastal Access**

Message: I respectfully request that the County ensure that the draft Gaviota Coast Plan:

- Locate the California Coastal Trail on the blufftop as close as possible to the shoreline
- Protect all existing coastal access
- Include tools and strong policies to acquire new trails and coastal access from future development
