

FRANKLIN TRAIL

Challenge Grant

Take the challenge and help fund Phase III of the Franklin Trail across 2.70 miles of the Los Padres National Forest

SIERRA CLUB
FOUNDED 1892

Santa Barbara Sierra Club Group has generously offered to match every dollar raised by the Trails Council in October, dollar for dollar, up to \$10,000

Taking the Franklin Trail to the crest of the Santa Ynez Mountains will add 2.70 miles of trail infrastructure to one of Carpinteria's most popular places to enjoy nature-based recreation. Upon completion, the multi-use trail will provide hikers, equestrians, mountain bikers, trail runners and other trail users with a direct route from Carpinteria to the Santa Ynez River. All-in-all, extending the local trail will result in more reasons for community members to use this free and easily accessed open space for a range of benefits including health, fitness and overall wellness.
